MO	SUSP POINTED A GUN AT COMP DURING A PHYSICAL FIGHT

Full Narrative	BWC 10380 and 8748 On 6/19/21 beginning at approximately 5am and ending around 10:24am, at 627 W. Pembroke Ave, known suspect and comp were involved in a physical altercation in which the suspect pointed a gun at the comp. Comp and suspect are ex-boyfriend/girlfriend. Comp stated that they had been together for approximately one year and that the suspect had been living at the offense location with the comp for approximately 2 months. Suspect was no longer at location upon ROs arrival. Comp stated that the altercation began early in the morning when she arrived home and found the suspect inside the house. Comp stated that the suspect lived there but then later while speaking with ROs stated that he no longer lived at the location (no other address was given for the suspect at the time). Comp stated that she and the suspect began to argue when a friend of hers parents arrived at the house to ask about the whereabouts of their daughter. Comp stated that the suspect became argumentative and angry with her when she stated that she did not know where her friend was. Comp stated that the suspect grabbed her arms and did not want her to leave so they began to physically fight. Comp stated that the suspect choked her two different times. Once with his hands and once with his right forearm. Comp stated that the suspect did that to get her to "chillout and calm down." Comp stated that once she calmed down and stopped hitting the suspect, he let her go. Comp stated that she went to get her gun that was near by, but that the suspect got to it before she did. Comp knew the gun was unloaded and stated that the suspect pointed it at her. Comp said that the suspect did not threaten her but said that he wanted to harm a guy friend of hers that he believed she was seeing. Comp stated that she had her phone and walked out to her vehicle with it. Comp got into her vehicle and sat on her phone so that the suspect would not see it. Comp stated that she left the car and began to walk down the street where she was seen by the neighbors who asked if she was ok. Comp stated that when they asked if she wanted them to call police, she told them yes. Comp stated it was at that time that the suspect fled the location in her vehicle. Comp then called her mom who called 911 along with the neighbors who called 911 reporting the minor disturbance in the comps white vehicle. Comp stated that she called the suspect when he fled in her vehicle and told him that she called the cops and that he needed to bring her car back. Comp stated that the suspect brought the vehicle back but did not leave the keys which she stated that she had a spare. Comp declined any medical treatment at the time. Ros observed a red mark on the left side of comps neck. The red mark was from comps necklaces (listed property) which had been pulled and broken during the altercation. Comp was unsure if the suspect took them or if they were somewhere in her room which she stated was really messy. Comp was advised to look for the necklaces and advise on the status of them to the detective once she was contacted. Comp declined to write a statement at the time stating that she would just talk to the detective assigned to her case when they called. A lethality form was filled out and the comp declined to speak with a counselor at the time stating that she already had a counselor. Comp was not intoxicated while speaking with ROs, however, she admitted to being intoxicated during the time of the altercation.

MO	SUSPECT PUNCHED COMP MULTIPLE TIMES AND TOOK VEHICLE W/O CONSENT
Full Narrative	<p>Body worn camera video of response to this incident is not available, as this report was made as a walk-in at Central Substation while RO was working in a plain clothes capacity. On Saturday, June 19, 2021 at approximately 1:45 PM, the listed suspect took the comp's vehicle without consent from approximately the 3000 block of Hudnall St and fled in the vehicle. The comp is a Lyft driver and the suspect was a scheduled passenger in the comp's vehicle during the offense window. The comp asked the susp during the ride if the susp would take his phone conversation off speaker phone. This enraged the susp, who refused to take the phone off speaker phone, then argued with the comp for the remainder of the ride. During the argument, the susp repeatedly yelled profanities at the comp and threatened numerous times both to assault the comp and to damage the comp's vehicle. The susp made statements including "I am renting your car for the next 5 minutes. Take me where I need to go, bitch" and "I'm gonna beat you up, you old bitch" and "You should've just taken me to my destination, motherfucker" in addition to stating he was going to damage the comp's windshield and seats and telling the comp he was going to assault him. As the argument continued, the susp did assault the comp, striking the comp at least two times in both the face and chest with a closed fist from the back right seat of the comp's vehicle while the comp was driving. The susp also reached up and grabbed the comp's steering wheel, almost crashing the vehicle. In response to the susp's actions and behavior, the comp cancelled the ride and chose not to continue the service. The susp refused to exit the vehicle. The comp pulled the vehicle over onto Hudnall St at the Cedar Springs Rd intersection, near Cherrywood Park, and exited his vehicle to walk to the passenger side and open the comp's door to let the comp out. While the comp did so, the vehicle's keys were in the comp's possession, but the vehicle was still running as it is a push start vehicle. The susp reached forward and leaned into the floor board from the back right seat, pressed the brake with one hand while shifting gears with the other, and fled in the comp's vehicle. The susp was last seen fleeing northbound on Hudnall St toward Lemmon Ave. The comp did not sustain any bodily injury and declined medical attention. The comp could not recall exactly how many times the susp punched him but knew it was at least twice. The comp has already reported the incident to Lyft, who has the susp's name and account details but could not provide them directly to the comp. The comp was no longer able to see any of the susp's account information after cancelling the ride. The comp stated there was no other valuable property inside his vehicle at the time of the offense. Distinctive features of the comp's vehicle include that it had minor damage (a hole and a crack) on the passenger side of the front fender and an "Express Wash" sticker on the windshield. Vehicle registration checks were down at the time of this report. RO was therefore not able to obtain some details from the comp's registration record.</p>

MO	SUSP HIT COMP WITH A STICK MULTIPLE TIMES
Full Narrative	Dolley #11996 BWC Martinez #10847 BWC On 6-19-2021 at about 4:38pm, officers Dolley 11996 and Martinez #10847 responded to an assault call at 238 S Jim Miller Rd. By the time R/Os arrived, DFR rescue 34 had already transported the comp Lewis, Lester to Baylor Hospital. R/Os went to the address given by the dispatcher to see if there is any witness at the location. Comp family members stated that they did not call police. R/Os went to Baylor emergency rooms to meet with the comp Lewis. Upon arrival at Baylor hospital, R/Os spoke to the comp who stated that he has never seen the susp before and he do not know the suspect or why he was assaulted by him. Comp stated that he was walking to his apartment when the suspect came out of no where and violently hit him on the left side of his head with a big stick, suspect also hit the comp's arms and legs multiple times with the large stick. Comp stated that suspect did not say anything to him and did not take anything from him during offense. DFR rescue 34 stated to the nurse that the comps family members told them that the side of the comp face does not usually look caved in on one side as it did when he was transported by DFR. Staff at Baylor hospital believe that there was a possibility that the as a result of being struck in the head comp might possibly have fractures to the bones in his face. In addition to the comps face appearing to be dented on the left side the comp also appeared to have a swollen eye on his left side as well and appearing to be in a great deal of pain. R/O's contacted assault detective #9367 regarding this offense.
